Dear Supporters of L'Arche in Australia

This month Community leaders and core members with disability from every Community in Australia will be meeting with the Board of Directors of L'Arche Australia to set the strategic plan for L'Arche here in the coming five years- we will have a full day of talking and listening to each other!

It is timely for us to be developing a new strategic plan as much has changed, not only since our foundation in Australia 40 years ago, but especially in the past five years; with new communities growing and developing in Adelaide, Bendigo, Hunter, and Perth. L'Arche remains small in the world of 'NDIS providers' in Australia although worldwide there are over 152 communities in 38 countries on 5 continents, with whom we are connected in the same spirit of "One L'Arche"!

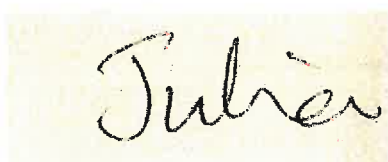

So, we need to plan in order to support the growing number of Communities in Australia and to continue to live the mission and spirit of L'Arche in an era of the NDIS; *to make known the gifts of people with intellectual disabilities revealed through mutually transforming relationships, to celebrate the unique value of every person and recognise our need of one another, and to work together toward a more human society.*

Jean Vanier writes in his book 'Becoming Human'-

We do not have to be saviours of the world! We are simply human beings, enfolded in weakness and in hope, called together to change our world one heart at a time.

Please continue to pray for L'Arche Communities and their members. We thank you for your generosity, and I am asking again for you to consider making a donation to assist L'Arche communities.

With sincere thanks,
