L'ARCHE

I am, we are: Representing our communities.

This session was to enable NLSG members to represent all the members living with disabilities in their communities. We watched a video from L'Arche Sudbury called "I am..." then there was a discussion about representation with the whole group followed by small group discussions then sharing of what they discussed.

Representatives recorded for them and others in their communities.

- Who am I/they?
- What brings me/them joy?
- What things I/they love?
 - What makes me/them sad?
 - What are my/their dreams?

What was the learning?

We learnt things about people in other communities. Common things we found we liked: work, shopping, traveling, sharing life together.
